NOTICE: Your Right to a Good Faith Estimate

As of January 1st, 2022, under Section 2799B-6 of the Public Health Service Act, you have the right to receive a “Good Faith Estimate” explaining how much your healthcare will cost.

Under the law, health care providers need to give patients/clients **who do not have insurance or who do not plan to use their insurance** a Good Faith Estimate of the cost for professional services.

- You have the right to receive a Good Faith Estimate for the total expected cost of any non-emergency items or services. This includes related costs like medical tests, prescription drugs, equipment, and hospital fees.
- You have the right to request a Good Faith Estimate in writing at least 1 business day before your appointment. You can also ask your health care provider for a Good Faith Estimate before you schedule a service.
- If you receive a bill that is at least \$400 more than your Good Faith Estimate, you can dispute the bill.
- Make sure to save a copy or picture of your Good Faith Estimate for your records.
